Gentle spice and soft herbal hints complement the fruit, while smooth tannins and bright acidity result in a balanced finish.

LANGUEDOC, FRANCE

This Mediterranean climate combines warm sunshine with cooling coastal breezes. Limestone and clay soils retain moisture, supporting healthy vines and concentrated fruit. These conditions help the grapes ripen fully while maintaining freshness and character.

FOOD PAIRINGS

- Herb-roasted lamb and grilled sausages
- Mushroom risotto
- Charcuterie board with aged cheeses and fig jam

RELEASE DATE: DECEMBER 2026

CONNEXION WHITE

The name "Connexion" reflects the harmony created when three of the Rhône Valley's classic white grapes come together in one blend. Roussanne, Marsanne, and Viognier have been partnered in southern France for centuries, each contributing its own unique character. Notes of stone fruit and citrus lead the palate, with peach, apricot, and hints of nectarine. Subtle floral aromas and gentle honeyed richness add complexity, while soft acidity carries through to a smooth finish.

Black and red berry flavours are joined by cherry and tart plum notes. Underlying oak, bright acidity, and polished tannins result in a satisfying finish.

MAIPO, CHILE

Crisp acidity balances a silky texture, leading to a refreshingly satisfying finish.
